The call for the meeting was read, and is as follows:

New York, Feb. 5, 1906.

George M. McCarthy, City Clerk, Jersey City, N. J.:

Dear Sir—You are hereby requested to call a special meeting of the Board of Aldermen for Thursday evening, February 8, next, for the purpose of passing resolutions approving the form and ratifying and confirming the sale of certain bonds, issued by authority of the Board of Finance, and for transaction of general business. You will please state this purpose on the call you issue.

Very truly yours,
JAMES W. McCARTHY,
President Board of Aldermen.

The following communication was presented, received and ordered filed:

Jersey City, N. J., Feb. 5th, 1906.

To the Honorable Board of Aldermen, Jersey City, N. J.:

Gentlemen—On January first of this year $300,000 of Assessment Bonds of the city, heretofore issued under the provisions of an act of the Legislature, entitled "An Act to reorganize the local government of Jersey City," passed March 31st, 1871, became due and payable. On January 3d of this year $60,000 worth of bonds—"General Bonds of Jersey City"—heretofore issued under the same statutory authority, became due and payable; and on January 3d, 1906, $60,000 worth of "Jersey City Water Scrip," issued under the same statutory authority, became due and payable.

No provision had heretofore been made for the redemption of said bonds, so that it became then and there necessary for the city to issue new bonds in place of those maturing.

On March 8th, 1905, an act was passed by the Legislature, entitled "An Act to authorize cities in this State to issue and dispose of bonds, and to take up and pay off other bonds about to mature to pay which no funds have been otherwise provided."

Under and by virtue of this act, the Board of Finance, by resolutions adopted at the meetings of Nov. 22d and 28th, 1905, made provision for the issue of new bonds, in order to take up those maturing; and in pursuance of the resolutions adopted the bond issues provided for were sold to Provident Institutions for Savings of Jersey City and the First National Bank of Jersey City, the amount of their bid therefor being 100.45 and 100.41 and accrued interest.

The bonds were prepared and ready for delivery, when the purchasers, through their attorneys, Messrs. Hartshorne, Insley & Leake, raised the contention that, under the act of 1905, a question presented itself as to whether or not the form of the new bonds to be issued should not be approved by the Board of Aldermen.

The act under which the bond sale was held was apparently drawn for application to the city of Newark, and there is some doubt in its construction as to whether or not the Board of Aldermen should not approve the form of the bond issued.

At the direction of the City Treasurer I conferred with Messrs. Hartshorne, Insley & Leake, with the result that they have agreed to have their clients take the bonds purchased, provided the Board of Aldermen will adopt the resolutions hereto annexed .

These resolutions have been submitted to the City Treasurer, and he urges their immediate adoption, as a delay in the delivery of the bonds occasions the city a daily loss of interest.

I, therefore, respectfully submit the situation to your Board, with a recommendation that the resolutions in form attached be adopted by your Board.

Very truly yours,
ROBERT CAREY,
Corporation Attorney.

The Committee on Laws and Ordinances reported the following resolution on applications hertofore reported by the Inspector of Buildings:

OFFICERS' COMMUNICATIONS.

The following communication from his Honor, the Mayor, was presented, received and laid upon the table:—

March 30, 1906.

To the Honorable the Board of Aldermen of Jersey City:—

Gentlemen—I return herewith without my approval an ordinance passed by your Board on March 20, 1906, and certified to me for my approval on March 22, 1906, to wit:

"An ordinance to amend an ordinance to establish, regulate and control the appointment, duties and responsibilities of the poundkeepers in Jersey City, as amended Dec. 21, 1875.

"The Mayor and Aldermen of Jersey City do ordain as follows:—

"Section 1. The duly organized district (county) Society for the Prevention of Cruelty to Animals having jurisdiction in Jersey City shall, on and after the adoption of this ordinance, be and act as poundkeeper and keeper of the public pounds of the city of Jersey City, and its officers and agents shall have and perform the same powers and duties and shall have the same rights, emoluments and privileges as are now conferred by law upon poundkeepers and assistant poundkeepers, and the place or places that may be provided by the aforesaid society for the impounding or sheltering of animals shall be known and are hereby designated as the official pound and pounds of Jersey City."

My reason for this action is that I am advised that there is nowhere any power in your Board to make the Society for Prevention of Cruelty to Animals poundkeepers of the city. The charter of Jersey City provides that the office of poundkeeper shall be filled by an individual, and I am advised that there is no statute authorizing the office to be filled by a corporation or a society.

Respectfully submitted,

MARK M. FAGAN,

Mayor.

The President then resumed the chair.

On motion of Alderman Weir, "that part of the charter relating to veto messages by the Mayor" was read.

On motion of Alderman Gorman the message was then read and is as follows:—

December 14th, 1906.

To the Honorable the Board of Aldermen of Jersey City.

Gentlemen: I herewith return to your Honorable Board, your resolution of November 20, 1906, without my approval except as wherein I have excepted certain items contained therein, and specified in the resolution book. The items in said resolution of which I disapprove, and as to which this communication may be considered my veto, all involve expenditures incident to the recent primary and general election. I will enumerate them.

Edward Kenny, handling election furniture-booths, etc., Registry and general, 1906	$ 70.00
O'Brien & Keilt, 1250 No. 5 candles at 5½ cents each	68.75
O'Brien & Keilt, 1100 new holders at 5½ cents each	176.00
Stuep Bros., painting of registry cases, (109)	349.50
Daniel Donovan, repainting booths for general election	384.00
E. A. Vreeland, repairing primary election boxes and handling	150.00
E. A. Vreeland, repairing ballot boxes and services, general election	456.00
Martin Gilledae, 100 tally boards general election	250.00
John McCarthy, repairing election furniture	295.00
A. J. Ginton Carting (12) voting machines	180.00

In my judgment, every one of these claims are grossly excessive. It seems ridiculous that the city should pay 5½ cents apiece for candles when buying them in large quantities and 16 cents apiece for candle holders, when they cost less than half that sum.

The painting of registry cases at a cost of over $3.00 per case is indefensible, and the large sums provided to be paid by said resolution for repairing election furniture and for repairing

booths cannot be justified as far as I can see.

I wish to draw particular attention to the claims of E. A. Vreeland. Mr. Vreeland is the City Marshal and received $1,500 per annum, and I fail to see that he has any other duties but those for which he has put in extra claims, outside of such minor duties as are incident to his attendance at meetings of the board. His position of City Marshall is a sinecure in itself.

How is it possible to obligate the city for $180.00 for carting twelve voting machines is also beyond my comprehension. I also except particularly to the bills of the Albert Datz Company for stationery. I give below a list of the items of his account with the amount charged in one column, and what would appear to me to be a reasonable charge in another column. Every one of these charges in my judgment are anywhere from 15 to 50% higher than market prices, and why the city should pay higher than the market prices, passes my understanding. The charges for printing ballots, made by the Albert Datz Company, are at the rate of $3.25 per 1000 ballots. The agreement between Mr. Datz and the City Clerk, I understand, was that they should be printed at $2.00 per 1000 ballots. There was some delay occasioned Mr. Datz in the printing of these ballots, due to the fact that some legal questions were raised regarding them, and I think the Datz Company is entitled to be renumerated to the extent of such time as was lost by it, and for such extra work, as was entailed, incident to the legal proceedings, but the excess charge by this Company over the agreed price amounting in all to $787.50 is certainly excessive.

$443.00 Albert Datz Co. Stationery:

15,000 affidavits, amount charged, $40.00; reasonable charge, $30.00.

2 receipt books, 1 Democrat, 1 Republican, amount charged, $8.00; reasonable charge $6.00.

250 statement of results, amount charged, $18.00; reasonable charge, $10.00

2 books, receipt for ballots, amount charged, $8.00; reasonable charge, $6.00.

1 tally book, amount charged, $24.00; reasonable charge $6.00.

250 large tally sheets, amount charged, $65.00; reasonable charge, $30.00.

$374.75 Albert Datz Co., stationery:

2 primary books, amount charged, $40.00; reasonable charge, $10.00.

24 special tally cards, amount charged, $28.00; reasonable charge, $2.60.

250 tally sheets, Democrat, 250 Republican, amount charged, $28.50 reasonable charge, $10.00.

1000 primary return sheets, amount charged, $24.00; reasonable charge, $15.-00.

On motion of Alderman Weir the message was laid upon the table.

The following communication from the Mayor was presented, received and ordered filed.

December 3, 1906.

To the Honorable, the Board of Aldermen of Jersey City:—

Gentlemen:—I have been informed that your Honorable Board has defeated a resolution offered for the purpose of securing the appointment of a third member of the Martin Act Commission, so-called, by the Circuit Judge of this County, in place of Mr. E. F. C. Young, who has recently resigned. I am confident that this action by your Board was taken in ignorance of the import-

ance of this resolution. Under the law the Judge can only make the appointment upon application made on behalf of the city and this application cannot be made except upon advertisement authorized by your Board. It is of the utmost importance that we should get proper representation on this Board. It has proved impossible for many years for the city to get the matters before this commission adjusted. The city has been deprived of great sums of money for a period of ten or fifteen years, owing to the neglect of this Commission to act. Between one and two million dollars of taxes have been held before this Commission for many years, and every effort of the Law Department to have these taxes acted upon was until recently in vain. It is significant that perhaps the principal piece of property before these Commissioners all these years is owned by the Pennsylvania Railroad, or one of its subsidiary corporations, and constituted the immense terminal at Greenville up on which it has expended millions in the last ten years.

The two Commissioners remaining on the Board have recently put in a report in which they have cut down the amount due to the city on this and other adjacent properties over $800,000. This report cuts the railroad taxes upon this property from about $365,000 to about $135,000, which makes a saving to the railroad company and a corresponding loss to our citizens of over $200,000. If this finding is sustained, it simply means that $200,000 of money due to the city from the railroad company is forfeited and that that amount of money must be imposed in taxes upon the other taxpayers of the city. When it is considered that the property upon which these taxes are levied has cost upwards of five millions of dollars and is worth a great deal more than that, and that the total amount of taxes could be easily collected from the railroad company, I think your Board will see the necessity of co-operating with me in endeavoring to get a man appointed upon that Board who will take up these tax matters from the standpoint of the citizens of Jersey City instead of from the standpoint of the railroads. In the meantime the Law Department is fighting the confirmation of this report, particularly in reference to this entirely needless reduction of the railroad company's tax. If we succeed in inducing the Court to take our view of this matter, the report will be referred back to the Commission and it will be of the utmost importance that we have proper representation thereon. In my judgement the way this adjustment business has been handled constitutes a grave wrong to Jersey City, and I therefore earnestly urge you to co-operate with me by the passage of the resolutions submitted by the Law Department in the attempt to prevent the consummation of this injustice.

Respectfully submitted,

MARK M. FAGAN,
Mayor.
